

“Motifs from Antique Crazy Quilts”

Betty Pillsbury

Inspired from 120-year-old quilts, these hand embroidered motifs bring a touch of yesteryear to today's work. Appliqué a velvet umbrella to a patch and fill it with silk ribbon pansies. Paint forget-me-nots on a velvet fan. (I have developed a technique easy enough for beginners.) Even embroider chenille cat-tails onto fabric as your great-grandmother might.

Supply List:

- fabric scissors
- embroidery scissors
- 5” embroidery hoop if you use one
- straight pins
- sewing needles and thread (doesn't matter what color).

Kit fee \$20. Colors of fabric may vary from the picture.
